

Changing the world from disposable to reusable one meal at a time.

Ozzi is a revolutionary new system that eliminates traditional disposable take-out containers at colleges and universities. When you get food to go, you can place it in an OZZI reusable container. When you return the container, you can simply exchange it for a new one for your next use.

- The OZZI system eliminates disposable products by replacing them with 100% reusable products.
- The OZZI system creates a simple exchange for its participants.
- Using OZZI's reusable containers reduces landfill waste and saves money on waste hauling.
- Ultimately, the OZZI systems saves trees, reduces emissions, and lessens our carbon footprint.

Help us to make a difference. Sign up today to be one of 50 participants (students, faculty or staff) in a free pilot testing of this program at the **FRESH PRIDE CAFE Salad Bar**. You can sign up by emailing lauren.konate@sodexo.com
